

Aventuras Sabatinas

Who: Spanish-speaking children ages 5-8

What: **Aventuras Sabatinas** are designed to give children a unique opportunity to interact and learn using their native level Spanish language skills. During each Saturday, students participate in interactive games, music and movement activities, science exploration and art projects that center around a specific theme. Parents pay for an 8-class pass, valid for any 8 classes during the 10-week session, and can reserve preferred dates. **Maximum enrollment 14 children.**

Winter Session: Rainforest Expedition / Expedición a la Selva Tropical – Venture into the realm of the rainforest where quetzals soar, howler monkeys call and red-eyed tree frogs croak. Uncover the mysteries within the rainforest’s layers, learn about the amazing cacao plant that gives us chocolate, and discover Mayan gold! Join us on a raft trip down the Amazon, as we make our very own binoculars and navigate through an untamed world of amazing rainforest plants and creatures. Don’t miss our “excursion” to the California Academy of Sciences.
